

Calvary Baptist Foundation of India

Sponsored by Lighthouse Baptist Church

Dr. Justus Banuel

Dear Pastor and Friends,

June, 2011

Greetings to you in our Lord's Sweet Name.

Normally our June Prayer Letter is the ending report from Vacation Bible School and the beginning report of our June 1 school opening but this year is different. We do not yet have the final count of how many attended VBS in all our churches this year, but we do know that just during the month of May, 8750 were saved, praise the LORD! In addition to that, we had 620 church salvations and 364 were baptized. We will give you the total figures for attendance and salvations during VBS in the July Prayer Letter.

Regarding our school opening, due to the extreme heat, lack of water and some other political issues, it has been delayed until June 15. This has been one of the hottest seasons ever in Tamil Nadu with temperatures over 100 almost daily. Once we get started back and can gather the information necessary, we will let you know about sponsoring students for this school year. The cost is still just \$65 for the entire school year. As we have told you in the past, we never turn a child down even if they cannot pay the tuition fee. This is because I know that our school is the only chance some children will ever have to hear about Jesus. Because of your help each year, we can continue to allow hundreds of these students to attend our Christian School. In the July Prayer Letter we will give you all the information on how you can help with this ministry program.

Back in February I told you of our attempt to get minority status for the Calvary Baptist Foundation to help us get more jobs for our people and scholarships for our students. Our application will come up in court on June 6th. Any of you who receive this Prayer Letter prior to that date, please pray that we will receive approval. I will report on the outcome in our July Prayer Letter.

I regret to report that due to the drought, we've had to suspend construction of our new orphanage. There is no water to mix the concrete. We will start building again as soon as possible. Please pray for the completion of this project.

Last but not least, I will ask you to continue praying that God will lead us to a wife and help mate for our son, Allen. He has become a major part of this ministry and a great help to me personally. Having a Godly wife who will support his ministry is most important. Your prayers for God's direction for us are greatly appreciated.

I have tried to update you on things here in this Prayer Letter. As you can tell, we are in great need of prayer in many areas. What a blessing to know that I have brothers and sisters on the opposite side of the world who are continually praying for our needs here in India. I am so thankful for all of you.

Because of Him,

Justus Banuel
