CHURCH PLANTING IN PARAGUAY

June 10, 2011

Matthew 4:16

"The people which sat in darkness saw great light; and to them which sat in the region and shadow of death light is sprung up."

Winter Chill

Winter is upon us! We realize that all of our friends in the United States are enjoying the summer weather, but Paraguay is beginning its winter season. The homes here are not equipped with heaters, so that makes it especially fun in the morning when it is a brisk 50 degrees inside!

New Building

Our church has found a temporary home. The owner of our last location sold the house, but thankfully, God provided a wonderful new house where we can meet. This Sunday will be our first service in the new building and we are very excited to say that we will have our first children's class. In the previous house, we did not have enough rooms for all of the classes we wanted. Please be in prayer for all these little children. What an opportunity to teach them of our loving Heavenly Father who is always attentive to their needs.

Permanent Location

Jackie and I are thanking the Lord for allowing us to purchase a house in this city. The rent on our apartment, which was the size of a doublewide trailer, was \$1,000/month. We have been able to establish ourselves here in the city for a long-term commitment to starting churches and training leaders to reach this world for Christ.

Our new church plant has already begun to save its offerings with the hope of one day finding a permanent meeting place. We would ask you to continue to ask God to give us wisdom as we search and save.

Thank you for your prayers.

Serving Him,

Brian McCobb
