May, 2011

Dear Friends and Co-laborers in the Gospel,

Darlene Morgan, our SEE secretary, created a beautiful new website for our mission. It will enable those who have never heard of SEE or of our work in Paris to be able to get a clear vision of what we are doing. We want people to be able to feel as though they were in Paris with us! Not only do we intend to give up-to-date news, but hopefully will be able to accompany that news with pictures. We are hoping that all this will help us broaden our base in America as well as help those who pray for us to be able to pray for specific needs and special meetings. We do hope all of you who get this will tell others about this new website. It has been published under the name of www.parisourmission.com.

We would ask you to please pray for our next SEE Council meeting which is to be held on May 24, 2011. We are looking forward to branching out to include many more churches in our SEE family here in the States. Our mission is not widely known here as it is in France and we do want this situation to change. We would also like to lay upon your hearts the Spring evangelistic thrust in Paris. This year we plan hold a Bible exposition where we will have a number of tables set up in our church that people can visit. The first table will have very old copies of the French Bible, the second will show the ancient copies of the Word of God in Sanscript and other tables will show how we came to our present French translation. The last table will present the message of the Bible. One of us will be present when the visitor finishes reading the last display in order to personally present the plan of salvation. The French people are very interested in expositions where they feel they can increase their knowledge – but we hope that this desire will bring them face to face with the true Gospel while trusting that the Holy Spirit will bring conviction to their hearts. Emmanuel Bozzi plans to preach several times through the week to further explain how one can be saved.

Once again we want to thank you for your prayers and financial support, both of which not only allow us to carry on our work in France, but also encourage us to keep going. Since we hope to arrive in Paris on June 1, we will have too much to do to be able to send out a letter next month, but, the Lord willing; we hope to give you much news in July. Our prayer to God is for a breakthrough that will enable us to see the answer to our prayers. We realize that people are tired of words and they want to see God transform people – they long to see the fire of God among His children.

Prayerfully Yours,

Arthur & Irene Sommerville
